

# RESPONSIBLE USE GUIDE

## MEDICAL CANNABIS IN ILLINOIS

### General Cannabis Safety

### Tips for Patients and Caregivers

Below are some simple tips for responsible medical cannabis use:

Treat cannabis as you would any other medication. Cannabis has different effects on different individuals. Your medical cannabis is for you and only you.

Always use an appropriate dosage and when in doubt remember less is more. Follow your Dr's recommendations and make sure to ask questions to dispensary staff if you need more information about medical cannabis.

Keep all cannabis products out of reach of children and pets at all times. Keep in mind cannabis edibles can look appealing to children and animals. Avoid any mishaps by storing your cannabis edibles in a safe and secure place.

Properly store your medical cannabis in an airtight child proof container out of direct light.

Do not consume cannabis in any public place. Refer to the Illinois Department of Health regarding where medical cannabis can be used.

Do not possess or purchase more than 2.5 ounces of medical cannabis in a 14 day period.

Adhering to these simple guidelines will help ensure medical cannabis is used properly and kept out of the hands of minors and those who do not have proper authorization to use medical cannabis.
